Introduction, Learning Outcomes:

This course takes students with basic knowledge to a level where they can communicate in German at a pre - intermediate level. Upon regular attendance, students should be able to read, speak and understand simple texts.

General Course Description and Main Content:

The PMEILNE519 language course is an introductory German course for students with basic knowledge of the language. Based on a communicative and task-based approach, it is designed to develop proficiency in oral and written communication skills. Students will develop their listening, speaking, reading and writing skills through a variety of stimulating activities. Vocabulary will be presented in the context of professionally significant issues.

Topics cover areas such as introducing and talking about oneself, studies, the daily routine of a student, studying abroad, health and fitness, holidays, media, computer, environment.

Additionally, the course will provide students with a foundation in a number of basic grammatical structures and concepts.

Class periods will be devoted mostly to communicative and interactive exercises. In addition to preparation at home, regular class attendance is paramount in order to participate successfully in these activities

Methodology:

The course is based on participating in interactive and communicative tasks, team and individual work and completing home assignments.
