Task description

Students have to draw two simple drawing tasks and one complex, so called semester drawing. The simple drawing tasks should be drawn during lectures. The task is always related to the previously presented lectures of the semester. This means that in a simple drawing task the students have to make small drawings or sketches about a topic that was discussed during the previous lectures. All drawings should be prepared on draft papers in the size A/4.

The semester drawing should be drawn at home. This task is about a single building. Students have to draw a perspective and if it is possible a floor plan and a section or façade of a building. The buildings will be chosen by the lecturer. The drawing should be prepared on a draft paper in the size A/3.

Any kind of manual technique can be used, but pencil is preferred. The use of computer is not allowed.
