Task description

As semester tasks students have to prepare **two posters** about different buildings. The development of Hungarian architecture will be presented during the lectures of the semester. Students have to present in the posters a Hungarian building, a building from the country where they are coming from and three other buildings from different countries. All of the five projects presented in a poster should have the same function as the given Hungarian building. (e.g. single-family houses, theaters, religious buildings etc.).

The followings should be included in each poster:

- 1. Pictures and if it is possible plans of the chosen Hungarian building
- 2. Pictures and if it is possible plans of the building from the student's home country or of a building that the student personally visited
- 3. Pictures and if it is possible plans about a building from a third country
- 4. Pictures and if it is possible plans about a building from a fourth country
- 5. Pictures and if it is possible plans about a building from a fifth country

Size of the posters should be: 60 x 60 cm. Posters should be prepared artistically, that means that any kind of technique is allowed to prepare the posters. It is not acceptable if only some pictures are dropped on the posters. The finished semester task should be handed in **only digitally** saved in **PDF format (resolution 300 dpi)**. The saved data should be compressed and sent to the email address: tmolnar@mik.pte.hu by using a file transfer system e.g. wetransfer latest till 18.12.2019) or if it is easier it can be handed in in the time of the last lecture by copying it from a USB-stick.
