

Internet Technology

Requirements
2021 February

Learning environment

- Currently, Internet technology requirements relate to the online learning environment due to the coronavirus situation.
- Online courses will be available via Microsoft Teams.
- Should the online classes be changed to on site classes, the corresponding decision will be published by the University / Faculty. I will also send a notification via neptun.

e-mail protocol #1

- All communications should be addressed to ercsey@mik.pte.hu
- All e-mails should come from neptuncode@pte.hu (all students automatically receive Office 365 e-mail addresses).
- Subject of the e-mail should be clearly specified. For example: „Internet Technology homework.”

e-mail protocol #2

- All e-mails should be addressed as follows:
 - Dear Professor,
 - Dear Professor Ercsey,
 - Dear Dr. Ercsey,
- All e-mails should contain the course name.
- All e-mails should be clear and the topic of the e-mail should be explained correctly and fully.
- All e-mails should end as follows:
 - Best regards,
 - *signature*
 where signature corresponds to the name of the student.

e-mail protocol #3

- Please note that all e-mails violating the above protocol will be ignored.
- All e-mails will be answered during the subsequent class. E-mail answers will not be sent separately.

Schedule

- Week 2. 12 February
- Week 4. 26 February
- Week 6. 12 March
- Week 7. 16 March **10:00 deadline of homework submission.**
- Week 8. 26 March
- Week 11. 16 April
- Week 12. 23 April
- Week 14. 7 May – Test
- Week 15. Retake test

Neptun Meet Street

- Summary of the lectures and all homeworks will be uploaded into neptun.
- Tests and exams are related to the uploaded documents, including homeworks plus all information what was discussed during the classes.

Homework

- One homework per student have to be submitted in due time and with relevant content.
- Every student has a separate topic. The topics relate to the Fortune 50 companies.
- Please select one and write your neptun code at:
<https://docs.google.com/spreadsheets/d/1ZF6h69o5ehth6UPt6TbFKhKHHjNXsr1vwF6BOYY71Rc/edit?usp=sharing>

Homework evaluation

- The ready made homeworks have to be uploaded into neptun.
- Evaluation of the documentation:
 - Missed / delayed / unsatisfactory work: 0 point.
 - Satisfactory: 1 point
- The homework has to be presented in front of the class (10 minutes, supported by ppt).
- Evaluation of the presentation:
 - Missed / delayed / unsatisfactory work: 0 point.
 - Satisfactory: 1 point

Homework remarks

- Submission: via neptun, deadline: **Week 7. 16 March, 10:00.** Attention! After this deadline no submission will be considered!
- This homework is mandatory.
- This is related to the Fortune 500 companies.
- Tasks:
 - Please give a detailed description about the company, min. 1 page.
 - Please select one of its department / product / service that has a relation to internet technology and give its detailed description, min. 1 page!
 - Please give the business model canvas of the selected department / product / service in table form, 1 page.

Submission of the homework

- I will evaluate the submitted homework. I will publish the results in neptun. The errors will be discussed via the next class.
- According to the university code each homework may be supplemented. Therefore, you may correct the homework and resubmit it. Should the resubmission be within 1 week from the discussion, I will evaluate the new document also.
- Each corrected / supplemented documentation will receive the new point; the previous point is deleted.
- 0 point will be considered for every further submitted documents.

Presentation of the homework

- The homework has to be presented in front of the class (10 minutes, supported by ppt).
- Should the presentation be missed for example due to health problems, it may be supplemented according to the university code.
- The homework has to be presented at the next possible time.
- The new result counts.

Remarks on homework

- After the given deadline no submission will be considered!
- Please give your own descriptions. Please use multiple sources. Please explain in more details, where necessary. Please name your sources, references.
- Please note that the work you have to do is considerable. Do not forget to allocate enough time!
- Please note that the exam will consider the material published on neptun also, not only your homework topic.

Test info

- All tests are in writing.
- Tests are evaluated by points.
- Tests covers all or some of the main topics of the Course.
- In case the performance is below 50%, the test is said to be failed.
- In case the test is missed it is calculated as 0 points.
- No external aids are allowed to be used.

Test

- You will write a test on week 14. It will be on PTE moodle in case of online classes; you will write the test in a classroom on site otherwise.
- Each test may be retaken. In case of a retake, previous points will not be considered but the new evaluation result will be considered.
- Whoever misses the test may take the retake test, then the retake's result will be considered.
- The retake is scheduled for week 15.

Signiture condition

- i) 2 points for the homework has to be gathered (i.e. it has to be submitted in due time and with relevant content and it has to be presented).

AND

- ii) The test has to be above 50%.

All other situations are grounds for failing the course.

Exam and evaluation

- i) The exam starts with a written test.
- ii) In case the performance of the test is below 50%, the test is said to be failed, it is grounds for failing the exam.
- iii) Should the result be 50%+ there is a short oral part, automatically.
 - ii) Final evaluation:

0-50%	Fail
51-70%	2
71-80%	3
81-90%	4
91%-	5
