AIMS AND OBJECTIVES

The course is designed for engineering and architecture students with little or no previous knowledge of the Hungarian language. The aim of the course is to enable students to manage very basic communicational situations in the Hungarian language environment, especially those in a work context. The course focuses on vocabulary and communication skills necessary for students preparing to do their internship or take up a job in Hungary. By the end of the course students will be able to ask and answer simple questions, use basic vocabulary to discuss simple topics in a few sentences, and also to read and understand common signs.

REQUIREMENTS AND ASSESSMENT

Attendance:

Attendance is required for all classes and will impact the final course grade. Unexcused absences will adversely affect the grade, and absences from more than 30% of the total number of lessons will be grounds for failing the class. Punctual attendance for the whole lesson is required and arriving more than 20 minutes late will be counted as an absence. In the case of an illness or family emergency, the student must present a valid excuse, such as a doctor's note.

Minimum Course Requirements, Assessment and Grading Policy:

For passing the course students are required to pass the midterm test and the final test.

Students can retake a missed or failed test only once. They can also re-sit the tests if they want to improve their mark. In the latter case the result of the re-sit will be taken into consideration when the final course grade is calculated.

Grading Scale:

85 – 100%	5 (Excellent)
76 – 84%	4 (Good)
61 – 75%	3 (Average)
50 – 60%	2 (Poor)
