Purpose of education:

At the end of the studies a Diploma work must be submitted.

Contents:

There are two requirements for the diploma work:

- it must be an **independent** work and
- it must show some **engineering product** or **scientific result**

System of examining and valuation:

Conditions for the signature:

- The student has a **registered** topic and a supervisor in the Neptun system.
- During the semester continuous work and consultation, which is approved by the supervisor.
- Preliminary review of the thesis in front of a committee.

The signature must be obtained during the studies, in an active semester. The diploma work itself can be submitted in a later semester, but for a submission the approval of the supervisor is required under all circumstances! A non-approved diploma work cannot be defended.

A mark for the diploma work can be obtained only during a final exam, as a result of a defense.
