

COURSE SYLLABUS AND COURSE REQUIREMENTS

ACADEMIC YEAR 2022/2023 SEMESTER II.

<i>Course title</i>	<i>English for Information Technology</i>
<i>Course Code</i>	SZE003AN
<i>Hours/Week: le/pr/lab</i>	2 seminars
<i>Credits</i>	2
<i>Degree Programme</i>	all
<i>Study Mode</i>	full time
<i>Requirements</i>	mid-term grade
<i>Teaching Period</i>	autumn/spring
<i>Prerequisites</i>	placement test
<i>Department(s)</i>	Centre for Foreign Languages for Technical Purposes
<i>Course Director</i>	Török Júlia
<i>Teaching Staff</i>	Varga Andrea

COURSE DESCRIPTION

This course is designed for intermediate to advanced English learners with a focus on the specific language and communication needs of the IT industry. The course will cover advanced vocabulary and terminology related to technology, and its everyday use as well as the language skills necessary for effective communication in IT-related tasks such as presentations, and meetings. Additionally, the course will focus on developing reading comprehension and critical thinking skills for understanding and analyzing texts.

SYLLABUS

1. GOALS AND OBJECTIVES

The aim of the course is to develop spoken (receptive, interactive and productive) and written (receptive and productive) language proficiency in the context of information technology with topics including new technologies, software evaluation, the Internet and the World Wide Web, computer security and networks.

2. COURSE CONTENT

A selection of online resources, documentaries, videos and articles from the media is discussed. Students are required to give one presentation on a chosen topic relevant to the course material and their interest and will also be expected to evaluate the presentations of their peers. The final test is scheduled at the end of the course. Mini presentations (either as home assignments or class cooperation) could also be part of the course. Students will improve their reading, writing vocabulary and grammar skills.

TOPICS

PRACTICE	TOPICS
	1. <i>Some basic terms</i>
	2. <i>Online advertising</i>
	3. <i>Big Data, tracking</i>
	4. <i>Facial recognition</i>
	5. <i>Data privacy</i>
	6. <i>Hackers, biometrics</i>
	7. <i>Innovation</i>
	8. <i>Automation, robotics</i>
	9. <i>The internet</i>
	10. <i>The Internet of Things</i>
	11. <i>Launching an IT business</i>

DETAILED SYLLABUS AND COURSE SCHEDULE

ACADEMIC HOLIDAYS INCLUDED

PRACTICE, LABORATORY PRACTICE

<i>week</i>	Topic	Compulsory reading; page number (from ... to ...)	Required tasks (assignments, tests, etc.)	Completion date, due date
1.	Placement test			
2.	Some basic terms	*[1] shared folder Unit 1	optional homework	Week 15
3.	Online advertising	[1] shared folder Unit 2	optional homework	Week 15
4.	Big Data, tracking	[1] shared folder Unit 3	optional homework	Week 15
5.	Facial recognition	[1] shared folder Unit 4	optional homework	Week 15
6.	Data privacy	[1] shared folder Unit 5	optional homework	Week 15
7.	Hackers, biometrics	[1] shared folder Unit 6	optional homework	Week 15
8.	Innovation	[1] shared folder Unit 7	optional homework	Week 15
9.	SPRING BREAK			
10.	Automation, robotics	[1] shared folder Unit 8	optional homework + submission of presentation	Week 15 + Week 11
11.	The internet	[1] shared folder Unit 9	optional homework	Week 15
12.	The Internet of Things	[1] shared folder Unit 10	optional homework	Week 15
13.	Launching an IT business	[1] shared folder Unit 11	optional homework	Week 15
14.	Student presentations			
15.	Final test			

* see specified literature

3. ASSESSMENT AND EVALUATION**ATTENDANCE**

Unexcused absences will adversely affect the grade, and absences from more than 30% of the total number of lessons will be grounds for failing the class. Punctual attendance for the whole lesson is required and arriving more than 20 minutes late will be counted as an absence.

Method for monitoring attendance

attendance sheet

ASSESSMENT***Course resulting in mid-term grade (PTE TVSz 40§(3))******Mid-term assessments, performance evaluation and their ratio in the final grade (The samples in the table to be deleted.)***

Type	Assessment	Ratio in the final grade
<i>Final test</i>	<i>max 300 points</i>	<i>30 %</i>
<i>Presentation</i>	<i>max 300 points</i>	<i>30 %</i>
<i>Optional home assignments</i>	<i>max 400 points</i>	<i>40 %</i>

Opportunity and procedure for re-takes (PTE TVSz 47§(4))

A missed opportunity during the term may be written or a previously written test may be re-taken once during the first two weeks of the examination period. In the case of a re-take, the result of the new test will be taken into account together with the original mark in the calculation of the final course grade. Thus your final grade may also be lowered by writing a re-take.

Grade calculation as a percentage

based on the aggregate performance according to the following table

Course grade	Performance in %
excellent (5)	85 % ...
good (4)	70 % ... 85 %
average (3)	55 % ... 70 %
satisfactory (2)	40 % ... 55 %
fail (1)	below 40 %

The lower limit given at each grade belongs to that grade.

4. SPECIFIED LITERATURE

COMPULSORY READING AND AVAILABILITY

[1.] shared moodle content

RECOMMENDED LITERATURE AND AVAILABILITY
